Technical Sprays and Technical Liquids

Technical sprays and liquid substances are used in almost all areas of industry. They are used for the care and protection of

surfaces, for cleaning and degreasing, lubricating, releasing and separating and are an indispensable part of daily work.

Cleaner Spray S

- powerful
- evaporates without residues
- not regreasing

500 ml 5 L
11202500 15200005

Multi Foam

- powerful universal cleaner for residue-free cleaning
- cleans the most diverse types of surfaces such as metal, plastic, glass, ceramics or lacquered and coated surfaces

400 ml
11200400

Surface Cleaner

- for pretreatment of bonding surfaces
- evaporates quickly without residues
- for metal and plastic

400 ml 5 L
11207400 15207005

Citrus Cleaner

- universal cleaner based on citrus peel extracts
- cleans machines and systems, precision engineering components and precision mechanisms

400 ml 5 L
11217400 15210005

Rust Shock

- the chemical wrench
- free of mineral oil, grease and silicone
- loosens threaded joints within a very short time

400 ml
11151400

Rust Converter

- rust converter and base coat in one process
- protects from corrosion and is suitable for internal and external use

400 ml
11155400

WSD 400 Pressurized-Air Spray Can

- refillable
- made of aluminium
- container volume of 400 ml

400 ml
15811400

Rust Protection 2000 PLUS

- high corrosion and weathering resistance

400 ml 400 ml
11012400 11013400
charcoal-grey silver-grey

Sealant and Adhesive Remover

- removes residues of hardened sealants and adhesives as well as lacquers and paints
- can be used on metal, wood, glass, ceramics, polyethylene and polypropylene

400 ml 5 L
11202400 15213005

Silicone Spray

- sliding and release agent
- provides a durable separating film
- high sliding effect

400 ml
11350400

Alu Grinding Protection

- effective with all abrasives
- silicone-free
- the grinding performance can be increased by up to 350%

400 ml
11451400

Contact Spray

- protection and care of electrical contacts and components
- keeps contacts, fuses and cable connections free of oxidation

400 ml
11152400

Bio-Cut

- drilling and tapping oil
- biodegradable
- enables higher cutting performance

250 ml 400 ml 5 L
15750002 11750400 15750005

Zinc Spray bright grade

- cathodic corrosion protection
- >550 hours salt spray test according to DIN EN ISO 9227

400 ml
11001400

WEICON Solutions for

Maintenance

Technical Sprays and Technical Liquids

Double Nozzle Only for the 500 ml product

W 44 T® Multi-Spray

- lubricates mechanical precision devices
- dispels moisture
- protects against corrosion

400 ml ✓ 500 ml ✓ 5 L ✓
 11251400 11251550 15251005

Belt Dressing Spray

- prevents belt slip
- for all kinds of drive belts
- can also be used during ongoing operation

400 ml ✓
 11511400

Pneuma-Lube

- lubricant for pneumatic equipment
- excellent weathering resistance
- high content of PTFE

400 ml ✓ 1 L ✓
 11260400 15260001

Leak Detection Spray

- convenient and reliable location of leaks
- non flammable, anticorrosive
- skin-friendly
- DVGW-approval

400 ml ✓ 5 L ✓
 11651400 15400005

Leak Detection Spray frost-proof

- convenient and reliable location of leaks
- frost-proof up to -15°C (+5°F)
- non flammable, anticorrosive
- DVGW-approval

400 ml ✓ 5 L ✓
 11654400 15404005

Elastic Adhesives and Sealants

Elastic adhesives and sealants are used today in many areas of industrial production and assembly. They combine the advantages of adhesive bonding and sealing technology and are used wherever

the elasticity and the sealing of a joint are the most important requirements.

Speed-Flex®

- replaces traditional fixings
- high initial strength; also suitable for vertical surfaces
- for in- and outside applications

Assembly Pastes

All kinds of influencing factors, e.g. moisture, temperature or friction, repeatedly lead to corrosion damage, seizure and wear on machines and installations.

Extensive repair and maintenance work at considerable costs are the consequence.

Especially under extreme conditions of application, e.g.

- high operation temperatures
- high pressure loads
- outdoor weather conditions

such consequences frequently occur.

Black-Seal

- extremely resistant against oil, grease and chemicals
- high-temperature-resistant (+280°C /+536°F)
- for bonding and sealing

WEICON Solutions for Maintenance

WEICON TOOLS®
No. 1 in Form & Funktion
KNIFE-STEEL
Quality from Solingen

Since 1967 we develop, produce and distribute an extensive range of wire stripping tools. This includes cable strippers, wire strippers, dismantling and multi-functional tools. Our tools have been developed for accurate, fast and safe stripping of all common cable

types. They carry the GS seal of TÜV Nord and were developed under the aspects of work safety. The tools are specifically tailored to the needs of professional users, are found in both, crafts and industrial use and are also suitable for domestic use.

Wire Stripper No. 5

- for finely stranded and solid conductors with PVC insulation
- for all common conductors from 0,2 - 6 mm² (24 - 10 AWG)

51000005

Wire Stripper No. 7 Magic

- for finely stranded and solid conductors with PVC insulation
- for all common round cables from 0,5 - 16 mm² (20 - 6 AWG flexible) (20 - 8 AWG massive)

51000007

Cable Stripper No. S 4-28 Multi

- stripping function integrated in the housing
- wire stripping of all common round cables of 0,5 und 6 mm²

50057328

Quadro-Stripper No. 16

- multifunctional with optimized cable routing
- circular and longitudinal cutting - stripping - cutting
- exchangeable hook blade, firmly locked in any position
- anti-slip handle shape

52000016

Cable Scissors No. 35

- cutting - stripping - crimping
- 2-component handles for increased safety
- high cutting performance
- blades made of special stainless steel

52000035
